BRITISH PREMIER SEES NO PROTEST GROUNDS

Oil Field Worker Dies Following Accident Sunday At Noon

Baldwin Acknowledges Right Of U. S. To Break Seals In American Waters.

LONDON, June 25.—Premier Baldwin announced in the House of Commons that he saw no ground for the British protest against breaking customs seals in American territorial waters by the United States. The statement followed questions as to the government's attitude toward America's confiscation of sealed liquors on British liners.

NEW YORK, June 35.—Federal dry agents removed liquor from the liner Berengaria. Liquor was brought in on other foreign ships will be dealt with immediately, officials said.

PRESIDENT HARDING NOW ON ALASKAN TRIP.

President and Mrs. Harding and Secy Christian.

President Harding is shown, with Mrs. Harding and Secretary Christian, on the observation car of the special train in which he left Washington for his 15,000 mile trip to Alaska. He will return by way of Porto Rico.

Body Will Be Carried To Old Home At Rosebud To Be Interred Tuesday

Robert L. McClendon, 33, died about seven o'clock Sunday night following an accident in the oil field which occurred about noon yesterday.

He was working on an Humphreys well where cleaning out was in process, when his body was caught in the ropes of the bull wheel, crushing his leg, chest and shoulder. E. M. Sill, Undertaker, was telephoned immediately and was met at the Henry Warehouse and from there taken to the scene of the accident which was in the southwestern part of the field. He was brought to the Humphreys sanitarium and passed away about six hours later.

The Sill ambulance will convey the remains to his old home at Rosebud, Texas, for interment Tuesday. There his father, J. E. McClendon and other relatives live. He also has a relative at Wanette, L. B. McClendon, who was notified of the accident and death.

He has been in the field for several months. Until Sunday morning, lately he has been working in the Powell field, but [illegible] Sunday morning of the date of the accident.

Big Congregations Hear Opening Services Of The Revival At The M. E. C. S.

"Who Made the Devil?"

This subject will be discussed by Dr. Luther B. Bridgers, evangelist, at the revival at the First Methodist church tonight.

In announcing this subject Sunday, he stated that it might sound rather sensational but that he would treat the text in a manner that would appeal to the reason of his hearers and endeavor to give them something that would make them thoughtful and serious and help them in their daily fight with the evil one.

Dr. Bridgers measured up to every expectation and everything that had been said of him as a great preacher and a stalwart Christian at both morning and evening hours Sunday. It was a great day for the congregations assembled, and an inspiration to everyone who heard the eloquent masterpiece of the morning and the stirring exposition of the World Problems of the Day discussed at night.

In the morning service, Rev. W. B. Andrews, pastor, expressed his appreciation to The Mexia Daily News for its co-operation with the churches in this city in their various undertakings and for the help in letting the public know of the revival at the Methodist church, calling particular attention to the editorials in the newspaper.

In introducing the evangelist, he stated that he was going to take the bridle off and turn him loose in the field which he has now entered.

Mr. Jenkins sang "Confidence" prior to the sermon and following the message, he and Dr. Bridgers together sang "In The Garden". Both won the hearts of the congregation with these renditions. A great choir and strong congregational singing are the hope of Mr. Jenkins who states that old and new songs will be sung throughout the revival.

Dr. Bridgers appealed for the cooperation of the congregation and citizenship in order that the great need for a revival in Mexia might be met at this time.

His morning theme was centered around the twenty-second verse of the fifteenth chapter of First Corinthians: "For as in Adam all die, even so in Christ shall all be made alive."

The message was one of inspiration to one and all to walk worthy of their vocations, in the knowledge and faith of the immortality of the soul.

At the night's service, following a song service, joined in by the big congregation, Mr. Jenkins sang in his heart touching manner:

"The Heart That Was Broken for Me."

The Baptist and C. P. Congregations were dismissed for the service last night and the big auditorium and Sunday school rooms were filled with the vast congregation that had gathhered for the evening hour of worship. This fact was taken note of and appreciated. Rev Andrews and Dr. Bridgers join in extending a cordial invitation to every citizen, regardless of denominational belief, to join in making the service helpful to Mexia. The speaker presented a strong discourse, analyzing the great problems of the world in the sermon at night. The text was taken from the third chapter of Habakkuk:

"O Lord, I have heard thy speech, and was afraid: O Lord, revive thy work in the midst of the years, in the midst of the years make known; in wrath remember Mercy."

He said that Habakkuk's prayer to God showed that he and his people were passing through a crisis In applying it to the times, he reviewed conditions in the world today, showing that a crisis in the life of humanity has been reached. The changes that have taken place in the past ten years were cited as illustrations and America was pointed to as the world's hope and that Jesus Christ is the hope of American. Save America and you will save the world was the ringing message to the Christian Protestantism of this community brought by the speaker last night. In the past ten years, Russia has witnessed the murder of 36 million of her people. In the past ten years, the world has

(Continued on Page Two.)

Powell Pushes Mexia District Production Near 100,000 Daily As New Gushers Are Brought In

The production in the Powell pool pormises to rush the total yield of the Mexia district up to 100,000 barrels daily befoer the week is history.

The Gulf's Christian 12,000 feet Northeast of the Hughes McKie 1, which blew in Saturday for what was roughly estimated at 15,000 barrels daily and the Hughes McKie 4, estimated at 7,000 barrels, made that the banner gusher day of the week.

The production of the field today is about as follows:

Gulf Christian 1, 10,000.

Hughes McKie No. 4, 7,000 barrels.

J. K. Hughes McKie No. 1, 4,800 barrels.

Humphreys Kent No. 1, 3,600 barrels.

Humphreys McKie No. 2, 4,000 barrels.

Gulf Blumrossen No. 1, 15,000 barrels.

U. S. Tex Burke No. 1, 2,000 barrels.

U. S. Tex Burke No. 2, 15,000 barrels.

Total, 34,400 barrels.

Flush production of the gushers listed for the field ran from 6,000 to 30,000 barrels. Some of this has been pinched in and other wells show a natural decline.

Operations of one foreign company, the Roxana Petroleum, a Dutch Shell subsidiary, is causing interest in the field. The Roxana has some splendid acreage blocked out and now has six wells under way on the McKie and Burke tracts. Of these, three are drilling below 2,000 feet and two are expected to be completed this week.

The Humble company has begun or staked seven tests in the field and is expected to figure heavily in the production column within the next few weeks.

Next Wells Expected.

Next wells expected in are the Sun company's Kent, now setting casing preparatory to drilling in at 2,821 feet; Texas company's McKie No. 2, setting 10-inch below 2,900 feet; Cranfield & Jones Christian No. 1, setting casing at 2,868 feet; Humphreys Fair, setting casing at 2,821 feet.

The Thompson Springfield No 2 is a rig.

The Texas company's McKie No. 1 is drilling at 2,188 feet.

The U. S. Tex Burke No. 3 has encountered hard gumbo at 1,850 feet.

The Corsicana Oil and Refining company and Humphreys Joint Burke No. 1 has been abandoned. This is in the original field, to the northeast of the big production of late. Kenner No. 2 of the same company in that territory also has been abandoned.

Gulf's Blumrossen No. 2 is drilling at 1,502 feet.

Of the Roxana wells, Blumrossen No. 1 has a fishing job at 2,950 feet; No. 2 is drilling at 2,070 feet; No. 3 at 2,195 feet. McKie No. 4, of this company, is rigging up and McKie No. 1 is drilling at 2,295 feet.

Rewards Navarro's Faith.

Years of patient exploring and consistent faith on the part of Navarro county citizens has been rewarded in the Powell field. Although operations in other sections of the county have produced some results, particularly in the Corsicana shallow sector, the potentialities of the Powell field so far overshadow that the spotlight is turned full force in that direction.

Operators declare that the Powell field is another victory for the Balcones fault, which now has produced five distinct pools. Of these the Kosse field alone has been a disappointment, and there are those who say that even yet this pool will make itself known at the proper time.

Will The Powell Pool Witness A Shut Down Within Next Few Days?

Will the Powell field soon witness a shut down in operations to any effective extent?

This is a question that is perplexing many oil field workers and others who follow the development of oil fields.

There are some who assert that there is something in the wind that points to such a condition, especially on acreage controlled by the major oil companies. Market conditions are said to justify such an expectancy. Nothing, however, of a definite nature can be learned as yet. However, in a few days something may develop along these lines to answer the query so important to that section of the Mexia district.

Mrs. W. B. Bonner returned today from a few days visit with friends and relatives in Corsicana.

33 KILLED IN AUTO WRECKS IN AMERICA SUNDAY

DALLAS, June 25.—Thirty eight killed, 184 injured over week end as result of automobile accidents in thirty three large cities. Four were killed and twenty two injured in Detroit. Johnstown, Pa., Denver and Cuyohoga Falls reported three killed each.

HEAT WAVE IS RESPONSIBLE FOR MANY DEATHS

DALLAS, June 25.—Eleven were killed by heat over the week end while twenty nine others, seeking relief from the heat, were drowned. No let up in the heat wave is promised by the Weather Bureau at Washington.

McFALL GASSING

A good showing of gas has been penetarted in the McFall test, Northeast of town about 4 miles, at about 1090. The well at noon today had reached the 1100 foot level and rapid progress is being made downward. It is expected that the Nachitoches sand will be penetrated this week. If found profitable, it will be developed before passing on down.

WELLINGTON, Kas.—"Rowdie" trail hound, slipped away from his master, J. H. McCracken, and returned to his old home at Monett, Mo., 300 miles. Before the dog could be shipped back, he escaped and returned to Wellington.

Three In President's Party Die In Auto Wreck

DENVER, June 25.—The third victim of the automobile crash died this morning. Thomas F. Dawson, state historian, died unexpectedly after he had apparently passed the critical stage.

DENVER, Colo., June 25.—Donald A. Craig and Thomas A. Dawson, newspapermen, seriously injured when an automobile carried Sumner M. Curtis, of the Republican National Committee and Thomas French of Denver to their death over a cliff here will recover, physicians believe.

Craig, Washington manager of the New York Herald, and Dawson, now Colorado State historian, received severe lacerations and fractures and possible internal injuries.

President Harding might himself have ridden in the death car which had been set aside for his use, but engagements prevented his going along.

The accident occurfred in a manner not yet explained; French, who was driving, never recovered consciousness. One of a line of cars ascending a treacherous trail over Lookout mountain, the automobile containing the victims suddenly left the road and plunged over the side of a cliff. It tumbled end over end, finally landing upright. When rescuers reached the wrecked car, Curtis was dead, French unconscious, and the others suffering from severe injuries.

The automobile plunged down about seventy five feet. It is thought the steering gear may have been defective. Since French, the driver, is dead, the exact cause of the accident may never be learned.

Occupants in cars to the rear saw the death car swerve suddenly as it reached a sharp curve and then crash through two steel cables forming a "safety fence" on the brink.

President Harding was at the home of Senator Phipps when the accident occurred.

REED RESIGNS

William Reed, Secretary and Assistant Treasurer of the Humphreys Oil Company, has tendered his resignation as such to officials of the company. His successor will be elected at the directors meeting Wednesday in Dallas.

The Heat Wave Pro And Con.

TWO DEAD IN NEW YORK

NEW YORK, June 25.—Two persons are dead as the result of a renewed heat wave which touched 91 degrees Sunady, June 24, has been as hot here only three times in 43 years. No break in the heat wave is in sight, according to the Weather Bureau. Temperature this morning at 8 a. m. was 75.

UNBROKEN IN SOUTHWEST

KANSAS CITY, Mo., June 25.—The heat wave through the Southwest was unbroken today, with new high temperatures for the year being reported in many cities. The mercury climbed to 94 in Kansas City, the highest for the summer.

PERISHED WHILE SEEKING RELIEF

DETROIT, Mich., June 25.—Fourteen persons were drowned, four were killed by automobiles and twenty injured, two seriously yesterday when Michigan residents tried to get relief from the record heat of the year.

A temperature of 104 degrees was recorded on the streets of Detroit.

SIX IN CHICAGO FOR WEEK

CHICAGO, June 25.—Six week-end deaths from the heat were reported in Chicago today bringing the total for seven days to 27.

More than 100 persons were prostrated. Temperatures continued in the nineties.

ST. LOUIS REPORTS TWO

ST. LOUIS, Mo., June 25.—Two dead from heat prostration and four persons seeking relief from the heat were drowned over the week-end here.

Temperatures ranging above 90 degres were registered in St. Louis and vicinity. The heat wave continued unbroken today.

REFRESHING SHOWERS IN OHIO

COLUMBUS, Ohio, June 25.—Refreshing showers last night were followed by cool breezes here today and weather forecasters predicted the eight day heat wave is at an end.

MERCURY GOING UP IN OKLA.

OKLAHOMA CITY, Okla., June 25.—After sweltering through the hottest day of the season here Sunday when the mercury stood above 96 degrees, higher temperature is in prospect here today according to the Weather Bureau. Humidity can not be blamed for the oppersive heat throughout the State, according to the bureau. No heat casualties have been reported.

MOIST IN MASSACHUSSETTS

BOSTON, Mass., June 25.—A blanket of moist heat settled over New England today. The temperature moved up rapidly from 80 soon after sunrise.

Miss Cora McKenna of Corsicana is visiting her friend Miss Mary Porter Travis and Miss Bertha McKenna is visiting Miss Louise Maddox.

Miss Christine Parker of Corsicana is visiting Miss Mildred Cox of this city.

Mr. and Mrs. Howard Wright and family and Mr. J. A. Wright are spending a short vacation in Glenrose.

We want the news, all the news of all the people, while it is news, in or telephone 146 or 261 news items and requests the readers to send send personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

"Fraud is often present in the sale of worthless securities, but is so adroit, is in what the promoter leaves unsaid, as well as in what he says, that it is difficult or impossible to convict, despite the best efforts of prosecutors. What does the average man or woman know as to what constitutes criminal misrepresentations? Only a competant attorney can define it. Rather the average man should guard against his own imagination, his egotism, and lack of information than against fraud. There is only one way to eliminate the nine reasons for buying worthless securities and that is to consult an honest dealer, just as you consult a reputable physician lawyer or engineer when in need of expert advice. The reputable investment banker is just as much a highly-trained expert and specialist in his line as the physician, lawyer, or engineer is in his calling."

WHY PEOPLE BUY WORTHLESS SECURITIES

Imagination, egotism and carelessness are foremost in the nine main reasons why people buy worthless securities, says a report by Samuel O. Rice, Educational Director of the Investment Bankers Association of America, who has just finished an investigation of the causes that impel people to throw away millions of dollars for worthless stocks despite constant warnings from the newspapers. Dishonest greed, honest greed, ignorance, a belief that the law is a personal guardian and a notion that all crooks bear visible earmarks of crookedness are five more reasons, says Mr. Rice. The ninth reason is fraud which, he adds, would be practically non-existent if the other eight reasons did not make it possible.

"An individual with an unharnessed imagination makes it wholly unnecessary," says Mr. Rice, "for a fraudulent promoter to use fraud in selling stock in worthless 'new invention' or other scheme. The promoter simply tells of the fortunes made by well known inventions and industries; the victims' imagination does the rest. He sees the spurious enterprise achieving the same success. He doesn't let memory or reason tell him that the success of one company is absolutely no assurance that some other company will achieve success in the same line, or that the 'new invention' came from a 'laboratory' that specializes in turning out plausible, worthless 'inventions' to be used as a basis for worthless stock flotations.

"Egotism also enables the promoter to dodge risk of going to jail. He uses flattery instead of misrepresentation. Egotism prevents the buyer from heeding the advice of careful friends or of consulting a reliable dealer in securities.

"Carelessness is responsible for the losses by shrewd money-makers who are not familiar with investment-making principles and who are haphazard in investigation and careless of their sources of information. The careless 'investment' often is termed 'a flier in the market'. It really is nothing more than a nose dive to mud bottom.

"Dishonest greed makes the 'bird dog' type of buyer of worthless securities. He exacts shady 'ground floor' concessions from the promoter and the promoter 'reluctantly' consents. He always seeks something for nothing. He lets his acquaintances in on 'good things', for a consideration from the promoter.

"Honest greed is a delusion, safe investments paying 10 or 12 per cent, or more, are easily found. History, and the most reliable authority possible cannot swerve many thoroughly honest people who have this notion. They are the despair of every honest bond salesman and an unending delight and profit to fraudulent promoters.

"Ignorance, to be sure, takes in all the other reasons, but its most harmful feature is the failure of the uninformed investor to realize that he will never find a crook who isn't crooked and that he must go to a reputable dealer in securities who can and will tell him the truth, if he is to find profitable investments and avoid loss. Thousands, probably millions of people, do not know the difference between an investment banker and a broker, or the difference between investing, speculating, gambling and throwing money away.

"Many persons strangely believe that Blue Sky Laws and other laws guarantee against fraud. Crooks have grown rich on this delusion. Blue Sky Laws undoubtedly keep many swindles from reaching the public, but they do not keep them all out, and never will.

"Nor does the crook talk, dress, act or look like a crook. He has a near-perfect disguise as a well-dressed, honest business man. Or, he may appear as a sturdy, old, diamond-in-the-rough oil man in boots and a two-gallon hat, who is too busy making money for his stockholders to put on a necktie. But never does he appear in the guise of Get-Rich-Quick Wallingford, although, [illegible]

REVIVAL

(Continued from Page 1)

witnessed a war brought on by the insatiable thirst for power of a single monarch, in which 10 million lost their lives. Germany at one time was known as the most religious nation in the world. God prospered them and out of this prosperity was born the hymn of hate which they later sang to their national disgrace and calamity. They forgot the God of their fathers and today the stability of that people is dependent upon the spiritual forces at work through the Christian organization of their country. These were some of the ideas enforced by the great message. That America is none too secure was emphasized. In this country today, he said, there are 56 million men, women and children who profess no religious faith whatever. They are neither Protestant nor Roman Catholic. There are an amazingly large number of temples in this country erected by folks who worship a heathen god. Only a small per cent of the young men of the churches of the country ever attend a Sunday School or church. A large per cent of the members of the churches of this country are women. Upon the shoulders of the few rest the responsibility of saving this nation from oblivion, such as past civilizations have been hidden under—Ninevah, Babylon, the countries on the banks of the Nile, Greece and Rome. In pointing back to those now obscure units of history, he said that in many respects they outstripped the civilization of the present and the United States of America is none too secure. We, as a nation must pray with Habakkuk "O Lord, revive thy work." As a part of this nation, this great Missionary Movement should begin, as far as we are concerned, right here in Mexia.

His discussion of modern day problems, national and international, aroused a deep interest and a desire on the part of the vast majority of the congregation for a revival in Mexia. At the conclusion of the service, he asked all who desired to see such an inspirational movement here to stand up and the entire audience rose as one.

We need to be more reverential, he stressed, and not be so adventuresome and disrespectful to God in our daily life and conduct.

The morning hour was announced as from 10 until 11. The business men of the city are urged to be present in large numbers. Great congregations are expected at each and every service, as the momentum of the first day indicates that a great revival has already begun here.

This morning, the congregation was large for the first week day morning service. Tomorrow and every day hereafter, it is expected to be larger.

"God's Attitude Toward Little Things" was the subject of the morning sermon. Matthew 18:10.

The congregations have found that the fans make the church very cool despite the heat of the Summer.

OIL

Developments in several of the wildcat wells drilling in the Mexia field are commanding considerable interest during the past few days and are being keenly watched by members of the oil fraternity. Most any day the unexpected may happen and the people of Mexia and its business interests again experience the thrill of a real oil boom as of days of yore.

News coming from those in charge of the McFall well which is drilling east of Mexia, between the field and Teague, tell of interesting formations and considerable gas and a rainbow oil at around a thousand feet. This well is being financed and drilled by J. H. Lent, et al., and Oklahoma interests. With a good drilling outfit and experienced drillers this test is making good progress. Mr. Lent returned from a trip to Oklahoma and Kansas Sunday.

"Doc" Fairfield is fighting a fishing job on the Moody well at Tehuacana. Several days ago a bailer got hung in the hole and the fishing job resulted. Driller Fairfield is better known in the oil fields as the man who drilled the first big producer in the Mexia field for the Humphreys interests.

Roy White, who formerly worked in Jimmies cafe, and a few months ago went to California, returned to the city Sunday morning. He says that he had a good time out there, but he just could not stay away from a good town.

Summary. Home runs, Henderson 2 Two base hits, McElwee, Gillespie, Flynn, C. Johnson. Base on balls. Collins 1, Tiner 2, C Johnson 1. Struck out. Collins 3, Tiner 1, Johnson 1. Loosing pitcher, Tiner.

Don Flynn, Austin's wild Irishman, is the leading hitter of the Texas Association, having an average of .356, including games of June 15. Flynn is also the leading home run hitter of the circuit with 11. Flynn is the only hitter in the .300 class on the Austin club, while Sherman does not boast of even one athlete in the charmed circle.

Lacy, Corsicana catcher, who was leading the league some time ago, is still cracking the pill at a merry clip and is close on the heels of Flynn with an average of .346. There are only 12 .300 hitters in the loop and if the 12, the Marlin team boasts of four. One of these, however is a pitcher, who has participated in only a few games.

The Mexia club has three .300 hitters, Bryan leading that team with an average of .326, with Butler 3 points behind him.

In team batting Mexia has a healthy margin over the field, with an average of .268 against the .252 of Marlin, the runner up in this line. Austin, the cellar champion of the circuit, ranks fourth in team batting.

Gillespie, the speedy Waco outfielder and all-around man, is the leading scorer of the league. He has crossed the plate 46 times, but his batting average has fallen considerably in the last month. However, he is still clouting the pill for an average of .311 Whitney of Mexia is second in scoring runs with 44, and his teammate, Butler, has crossed the pan 43 times.

Following are the batting averages of the Texas association players who have participated in as many as 10 games, including contests of June 15.

Street Paving Goes Bravely On

When the paving crew finishes the present unite there will be in Mexia about 80 blocks of paved streets, and McKinney will be the longest unit with 16 blocks, or about one mile.

The next unit to be paved will be two blocks on Rusk, and four blocks on Carthage, which are now being made ready for the concrete, and after that will come West Main and East Hopkins and several others.

When the entire program is finished Mexia will have right at eight miles of paved streets to take the place of the long lines of mud holes that we have been worrking along with for so many years.

Come to Mexia, the city that vision and work are building.

Masonic Lodge Elects Officers

At the regular meeting of Springfield Lodge No. 74, A. F. and A. M., held last Saturday night the following officers were chosen for the next year:

Elective Officers

Colon Phillips, W. M.

T. O. Meador, S. W.

Rodney Tidwell, J. W.

Julius Nuessbaum, Treasurer.

J. Frank Cogdell, Secretary.

T. A. Griffith, Tiler

Appointive Officers

H. G. Pierce, S. D.

Rod Fielder, J. D.

Geo. M. Tidwell, S. S.

A. M. Stevens, J. S.

These officers will be installed Wednesday night next, and at the same time the Chapter officers recently elected will also be installed.

Refreshments will be served. Visitors are always welcome.

The Salesmanship club and the Lions culb will hook up in deadly combat at Nowlin Park this afternoon and the Salesmanship club will try to become Lion tamers. Both teams boast of a fine fielding and hard hitting team. But I think that by the talk I have heard the Salesmanship club is a little stronger because of the way they put things.

Mrs. Nelson Forrest entertained last week with a forty-two and bridge party in honor of Mrs. Walter Faught.

The yellow color scheme was beautifully carried out with the black eyed Susans and Ferns, as each guest arrived the hostess gave them a score card. While playing they were served orange ade. Those winning high scores were Mrs. Gray Forrest in forty two, which she presented to the honor guest Mrs. Walter Faught. Mrs. Sam Cox won in bridge and presented it to Mrs. R. DeLong. In each case it was a gold vanity. The honoree was given a cut glass perfume bottle. The salad course was served on a bamboo tray, it consisted of chicken salad, potato chips, olives, sandwiches, wafers and salted almonds, ice tea and then orange ice.

Sunday afternoon the writer sat on his front porch on Sumpter street lately paved, and counted fifty cars pass inside of thirty minutes, and of them weer Fords and 22 a mixture of all other kinds. This would seem to indicate that there were about 1,000 cars used that shreet during the day and that about 600 were Fords.

Joseph R. Kelley, Minister, of St. Mary's Catholic church has returned all blistered, but pleased, from a two week's vacation spent at Galveston. He states that he feels much refreshed because of the short vacation.

Dr. Luther B. Bridgers, evangelist arrived late Saturday for the meeting in the Methodist church here. He came by auto from Marlin, where he and his wife and son spent the week

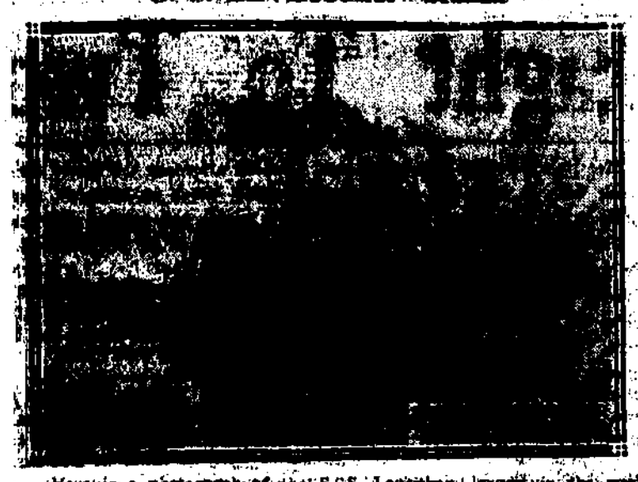
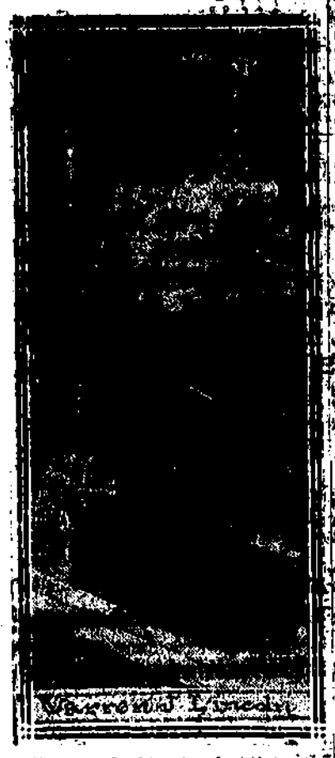
S. S. LEVIATHAN CAME



Above is a photograph of the S.S. Leviathan, largest in the world in point of tonnage and largest ever to carry the American flag, leaving dry dock in Boston, where she was scraped and painted preparatory to her six-day break-down trip to Cuba.

Man Thought Dead Very Much Alive



Warren J. Lincoln, horticulturist, of Aurora, Illinois, whose presumed murderers have been sought all over the United States, following his disappearance and the finding of blood stained Indian clubs, has returned to the little town, telling a weird story of being kidnaped in a plot engineered by his estranged wife. The sheriff, doubting the story, has dropped the case.

Hampton Steele of Thornton is in the city visiting some of his children and grand-children.

Mr. and Mrs. T. O. Mosier have returned from a few days outing on the upper Colorado river, in Burnett county.

Miss Beatrice Royall of Corsicana is in the city visiting Miss Alice Gibson.

A Poor Economy

GOOD ones don't pay.

Whose Wealthy Daughter Sued for Divorce

Mrs. Agnes Patten Wilder, daughter of James A. Patten, of Chicago, "wheat king," has been sued for divorce by her husband, Lawrence E. Wilder, son of John W. Wilder, millionaire banker. According to the suit, Mrs. Wilder took her three adopted children and deserted her husband to make her home in Montecito, California, in June of 1921.

A number of Mexia people attended the ball game at Waco Sunday.

LADIES AUXILIARY TO SALVATION ARMY'S SUNDAY SCHOOL FUND

Susie McClintock, President of the Mexia Booklet club, accompanied by his son-in-law, W. E. Wilson and Mrs. Wilson also the Booklet quartette composed of Misses Lucile Gallant, Lucile Mangum, Ruby Nettum, Gertrude Mangum and Mrs. Nettum visited the boys' home last Tuesday night in the interest of the Salvation Army Sunday School which they immediately turned over to Sunday School Secretary Reid of the Salvation Army.

DR. C. BAYLESS IS BACK FROM ST. LOUIS ROTARY CONVENTION

Dr. David Carlos Bayless has returned from St. Louis where he attended the Rotary conventions as the delegates from Mexia Rotary. He will present his report to the Rotarians at the regular weekly luncheon next Thursday. Dr. Tom Cobbs will preside over the meeting Thursday.

PRODUCER BROUGHT IN NEAR CEDARVALE

Word has been received here of a small producer brought in near Cedarvale in Johnson county. The discovery has caused considerable excitement among certain operators there who have leases in that district with results.

DANCE TO DANCE IN NEW HOME TONIGHT

The Elks will hold their first dance to be held in the new club building tonight at 8:30. Music for the occasion will be furnished by the Elks Orchestra and a big time is anticipated by the members and their ladies in the new club building into which the offices and lodge room have just been moved.

COLLINS HAS HAND INJURED SATURDAY

Sidney Collins, who was working with the night shift on the test being drilled on the McFall, four miles Northeast of town and who had his left hand injured Saturday, is reporting doing nicely today. He is in a local hospital.

Bit Dressing, Welding, Boiler Repairing, Smoke Stacks, Blacksmithing and Heavy Forging, and we are at your service both day and night.

We are the only Shop in the Field catering to the above lines of work.

STRANGE DOUBLE KNOCKDOWN IN RING

Here is one of the strangest fight pictures ever taken. In the preliminary fight before Pancho Villa, the Filipino, won the world's bantamweight championship from Jimmy Wilde, Harry Gordon fought Carl Tremaine. The bantams were mixing it up fiercely when they landed simultaneously rights to the jaw, each knocking the other down. Both men took the count before continuing the fight, which went to Gordon on the referee's decision.

PIPE LINES PUSHED.

Additional pipe line service to the field is being rushed and companies with extensive holdings and numerous operations are building largely on the promises that have already been made by the field. The Humble Oil and Refining company is constructing a mess-hall for its camp on the Irvine lease that will accommodate 250 men. An additional bunkhouse is also being built at the camp. Four five-room and three four-room bunkhouses are being erected by the company at its site near Mildred, together with mess hall to accommodate thirty men. The Humble has an eight-inch pipe line to the field from Wortham and gathering lines for the field are expected to be completed by the middle of the coming week. The company is to lay another eight-inch line from Currie, which will connect with the line to the Groesbeck tank farm.

The Humphreys Oil company is building a camp on its McKie lease, also an 80,000 barrel capacity steel tank which will be used if emergency demands for oil, otherwise for water. The Humphreys company also is building a steel warehouse at the Mildred stop on the Trinity & Brazos Valley railway. The production of the Humphreys company from the field is being taken by the Prairie Pipe Line company.

The Humphreys Oil company's McKie No. 2, which has spurred on activities to such an extent in the southwest end of the field, set at 2,821 feet. It hit the sand and was drilled two feet in. This well made 162 barrels of oil in the first half hour. Due to limited facilities for getting the oil from the field it was put on two inch choker. Friday, the day after it was brought in, it made 3,600 barrels through the choker. The Gulf's Blumrosen No. 1, another producer of the week, made 1,100 barrels of oil in the first twenty-two hours of its flow. It is considered good for 1,200 barrels daily.

The operation of the E. L. Smith Oil company, on the Irvine tract, is being watched with interest. This test a quarter of a mile south of the Humphreys-McKie No. 2, on the west side of Chambers Creek, is drilling below 2,700 feet. This operation is offset by the Humble and Roxana. The E. L. Smith Oil company has two more locations on its Irvine tract.

Pulling Tooth Cause Of Man's Death

SAN ANTONIO, Texas, June 23.—Loss of blood resulting from the pulling of a tooth caused the death of E. Koch here.

Koch suffered from what is known as an impacted wisdom tooth and went to a dentist to have the tooth extracted.

The dentist cut through the gum to get to the impacted molar and in doing so severed a small artery. When the forceps were applied the artery was opened and the gum began bleeding profusely.

Attempts to stop the flow of blood were futile and Koch was removed to a hospital where he died from loss of blood.

LAWLER-BUTLER WEDDING

Miss Helen Lawler and Mr. F. D. Butler of Mexia were united in marriage Sunday morning at Groesbeck.

Miss Lawler has been visiting her sister, Mrs. F. G. Smith, here for the last few weeks.

Mr. Butler is employed in the Cheives Brothers' store and they will make their home in Mexia.—Coolidge Herald.

All refrigerators and ice boxes on sale this week at wholesale cost. Bellarkide Hardware Co., 813 East Commerce street. Masonic building. 25d2

SPORTLIGHTS

By W. R.

Robbie Gilmore played his first game with the Rangers yesterday and helped defeat the Gushers with a double and two singles.

Sherman and Corsicana split a double header, Sherman taking the first game 9 to 4 and the Busters winning the last 4 to 2.

Mexia opens at Waco today and they are expected to take the series from the Indians. If they do they have the pennant for the first half cinched.

Austin takes on the Shermans but Sox and quite a change is expected to be seen in the standing to the Sox as the Rangers hit anything and anywhere, and at anytime. We've found out a few things lately.

Bill Stellbauer has been sold to the Omaha Bull in the Western league by the Fort Worth Cats. The buying of Edington by the Cats forced them to cut out a player and Bill was the unfortunate one.

Sparks bunch defeated the St. Louis Browns, Sunday, 8 to 2.

Bill Wood made a flying trip to New Orleans, leaving Mexia late Saturday night and returning this morning. He said he saw lots of water on the trip, to say nothing of the Mississippi river, which he crossed. Rains have been plentiful to the east of this section. We may get some yet.

With our method of personal instruction, pupils can enroll at any time and finish quickly. We have school five days and three nights a week, all through the year. Enroll now and be ready for early fall work.—Sinclair Business School, 116 Spring building. 25L6

Mrs. Buzzi Put On Trial For Schneider Murder

Here is a late photograph of Mrs. Anna Buzzi, who has been placed on trial in New York City on the charge of murdering Frederick Schneider, millionaire Bronx contractor, with whom she had been living for several years. Schneider was mysteriously shot to death in his automobile on a lonely road, and a woman was seen running away.

LABOR PARTY WILL DEMAND MANY REFORMS

LONDON, June 25—Delegates from all over Great Britain met here today to consider the program for the 23 annual conference of the labor party.

The financial resolution condemns the governments policy, particularly as regards expenditure on armaments. It urges the necessity for a capital levy to decrease the tremendous national debt.

In its education resolution, the executive comittee seeks to have the conference denounce the government for "its disastrous policy of crippling our national educational service and forcing education to pursue a similar course."

As to unemployment, the executive committee resolution holds the government responsible for most of the suffering and physical and mental deterioration to which it declares an enormous proportion of the entire wage-earning class has been subjected during the last three years.

With regard to housing, the committee calls for an immediate government undertaking to force local authorities to draw up and carry out a three-year program of house building sufficient to provide "a decent and adequate house" for every family at a rent within the wage earners' means. A part of the scheme would be a subsidy to builders. Money for this would be raised by means of a national loan.

Clearing House For Potato Growers

TEXARKANA, Texas, June 25.—Organization of the Southwest sweet potato growers into an association comprising the growers of four states, is under way here.

The object of the organization is to establish a clearing house for the sweet potato crops of Texas, Oklahoma, Arkansas and Louisianna.

A temporary organization has already been perfected with J. A. Murphy of Kilgore, as president. Murphy is president of the Texas Farm Bureau Sweet Potato Growers' Exchange. C. K. Bullard of Dallas, has been elected to darft by-laws, contract forms and a constitution. Bullard is general attorney for the Texas Farm Bureau Federation.

WALES STILL SINGLE AT 29TH ANNIVERSARY

LONDON, June 24—The Prince of Wales is celebrating his twenty-ninth birthday today, and salutes were fired at naval and military stations in honor of the anniversary. The secretaries at St. James's Palace had a busy morning receiving messages of congratulation from all over the world, and the entire Diplomatic Corps called to pay personal and official respects.

The one subject on which the British nation displays anxiety is "When is the Prince going to get married?" It is quite exceptional for the heir to the throne to reach his 29th birthday without having been married or at least bethrothed, and speculation is rife as to the reason for the delay in announcing the Prince's engagement. Since the announcement of the engagement of Lady Rachel Cavendish to the Earl of Moray's son, rumor heads the list of possible candidates with Lady Katherine Hamilton, daughter of the Duke of Abercorn, and Lady Mary Thynne, daughter of the Marquis of Bath.

BIG CIRCULATION CAMPAIGN is now on—Dont let this golden opportunity pass. Send in your subscprition to The Mexia Daily News by mail today. Don't put it off. 16d28

Mr. and Mrs. Tom Nolan attended the Insurance convention held in Galveston the latter part of the week. They left Thursday for that city and had a most pleasant visit both at the convention and at the beach.

Dr. Meikeljohn Quits as Amherst's Head.

Dr. Alexander Miekeljohn, President of Amherst College, Amherst, Massachusetts, has resigned, following a prolonged fight with the trustees. He will take a year's leave of absence before his resignation becomes effective.

Man 49 Years Old Cutting New Teeth

DALLAS, Texas, June 25.—"Mox" or Iverson A. Moxley, waiter in a local restuarant is "one in a million" according to dental statistics.

"Mox" is past 49 years old and is cutting a new set of teeth, which he proudly displays to all his "regulars" during their repast.

He had all his teeth pulled four months ago and now has two brand new ones sprouting.

Robs Calomel Of Nausea and Danger

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Texas Was Pioneer In Electric Cars.

LAREDO, Texas, June 25.—The oldest street car company in the west is preparing to expand.

The Laredo Electric and Street Railway company, which in 1881 operated the only electric street railway west of the Mississippi river, is making preparations for an extension of its service to all parts of this city.

Electric street cars were being operated here when only a few of the larger Eastern cities had electrically operated cars.

The first electrically driven car to be used here was some years ago converted into a house by a family of Mexicans who purchased it from the electric company and is now using it as a home.

BIG CIRCULATION CAMPAIGN is now on—Dont let this golden opportunity pass. Send in your subscprition to The Mexia Daily News by mail today. Don't put it off. 16d28

SHRRIFF'S SALE

THE STATE OF TEXAS,
County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County of the 8th day of June, 1923, by the District Clerk, of said Limestone County, for the sum of Forty Five Hundred ($4500) Dollars and costs of suit, under a Judgment and Foreclosure of Vendors Lien, in favor of W. H. Smith, in a certain cause in said Court No. 2958 B. and styled W. H. Smith vs. John R. Williams et al, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, Texas, did on the 9th day of June, 1923, levy on certain Real Estate, situated in Limestone County, Texas, described, to wit:

First Tract: Out of subdivision 28 in the City of Mexia in Limestone County, Texas, beginning at the NW corner of said tract, thence east with its North line 752 feet to the NE corner, thence south with its E. line to the line of the City limits thence south west with the city limit line to the S line of said subdivision 28 Thence west with said S line 554 feet to the SW corner of said subdivision 360 feet, to the beginning, containing 9.72 acres.

Second tract: the undold portion of subdivision C. division 19 beginning at the NW corner subdivision C Thence east with its N line to the south boundary line of the city limits 430 feet; Thence Southwest with the S line of the city limits to SW corner said subdivision 770 feet, Thence North along west line of said subdivision 289 feet to the place of beginning, containing 1.38 acres.

Third Tract: 2.9 acres out of sec. 42 P. Wamis III league grant, beginning at a point 280 feet S 4 deg. East from the S side of Hopkins street, Thence N 84 deg. 4 min. east 651 feet, Thence North 4 deg west 387 feet to the city limits. Thence with said city limits line 770 feet to the place of beginning; and levied upon as the property of John R. Williams, and that on the first Tuesday in July, 1923, the same being the 3rd day of said month, at the Court House door, of Limestone County, in the town of Groesbeck, Texas, between the hours of 10 A.M. and 4 P. M., by virtue of said levy and said Order of Sale and Vendors Lien, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said John R. Williams et al.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of June, 1923.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy.
(11-18-25)

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Pluries Execution issued by the Clerk of the District Court of Collin County, on the 30th day of May, 1923, in a certain cause wherein Collin County Mill & Elevator Company, plaintiffs, and Blackwood & Noble Grocery Company, said corporation, and Lee Noble and R. Blackwood, and each of them jointly and severally, defendants, in which cause a judgment was rendered on the 21st day of, February, 1923 in favor of the said plaintiff, Collin County Mill & Elevator Company, against said defendant, Blackwood & Noble Grocery Company, said corporation, and Lee Noble and R. Blackwood, and each of them jointly and severally, for the sum of Seventeen Hundred and Eighty Five and 37-100 Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in July 1923, it being the 3rd day of said month, at Groesbeck, Texas, in Limestone County, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Blackwood & Noble Grocery Company, in and to the following described personal property, levied upon as the property of Blackwood & Noble Grocery Company said corporation, and Lee Noble and R. Blackwood and of each of them jointly and severally, to-wit:

1st. tract: Situated in Limestone County, Texas, being 95½ acres of land out of the John B. Stephenson 320 acre tract of land, described as follows: Beginning at the N. E. corner of the Louis Dillon 640 acre survey, and N W C of the said John B. Stephenson survey; Thence North 60 E. 1072 vrs. to a stake for cor.; Thence South 30 E. 616 vrs. to a stake for cor.; Thence South 60 W. 525 1-5 vrs. to a stake for cor. Thence South 60 W 545½ vrs. to a stake for corner; thence North 30 W. 392½ vrs. to the place of beginning, containing 95½ acres of land conveyed to Richard Blackwood by W. M. Bainbridge, by deed dated October 20th, 1909, and recorded in Vol. 99, page 125, Deed Records of Limestone County, Texas.

2nd tract. Situated in Limestone County, Texas, being 150 acres of land out of the 2.5 league and labor survey, patented to F. S. McNeel by Pat. No. 280 vol. 6 abst. No. 240. Beginning at a point on the SWL. of said survey, 2300 vrs. E. 30 E. from the NW. corner thereof, said beginning point being the SW. corner of the 160 acre tract out of said survey, conveyed to J. E. Riddle by Geo. Caldwell, by deed dated Sept. 20th, 1897, and recorded in Book 12, page 91, the Deed Records of the said County, Thence S. 30 E. 507 vrs. passing an elt corner of said McNeel survey, continuing in all 1400 vrs. to a stake in prairie; thence N. 60 E. 600 vrs. a stake; thence N. 30 W. 1400 vrs. a stake; thence S. 60 W. 605 vrs. to the place of beginning, and being the same land conveyed to Louis Bolling Trustee, by R. Blackwood and wife by deed of trust dated Nov. 27th, 1918, recorded in vol. 6, page 25 Deed of Trust Records of Limestone County, Texas."

The above sale to be made by me to satisfy the above described judgment for $1,785.87 in favor of Collin County Mill & Elevator Company, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy.
Groesbeck, Texas, June 9th, 1923.
(11-18-25)

HOUSE JOINT RESOLUTION NO. 28

Proposing an Amendment to Article 8, of the Constitution of the State of Texas, which relates to taxation and revenues, by adding thereto a new section to be known as Section 9a, directing the Legislature to provide for the construction, operation and maintenance, under State control, of a State system of public highways; providing for an election for the ratification or rejection of amendment herein proposed, and making an appropriation to defray the expense of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1, That there be submitted to the people of Texas, for ratification or rejection at a special election provided for herein an amendment to Article 8, of the Constitution of the State of Texas, amending said Article 8, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 9a, which shall read as follows:

Section 9a. The Legislature is authorized and directed to provide for the creation, establishment, construction, maintenance and repair of a system of improved highways throughout the State to be under the control of the State; and in order that the State may provide the means, revenues and instrumentalities the establishment and maintenance of such system of highways, the Legislature is empowered to levy and cause to be collected specific excise and ad valorem taxes, in addition of those permitted for other purposes in the Constitution, but such an ad valorem tax shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereinafter in this Section.

When said system shall have been designated and taken over for the State as provided in Section A hereof, the Legislature is authorized to make provision for the equitable compensation to such counties for the value of such improvements as have been theretofore constructed by the Counties in the State.

Provided, also that save for the State highway system, in all other respects, Counties shall have the right to build, construct and maintain their roads, turnpikes and bridges within their respective boundaries and the Constitutional provisions relating thereto are not qualified or modified by reason hereof.

The Legislature, at any Regular or Special Session, is authorized and directed to pass and enact all appropriate legislation necessary to carry out and effectuate the purpose and intent of these Articles.

Sec. 2. The Governor of the State is hereby directed to cause to be issued by necessary proclamation for an election to be held on the fourth Saturday in July, 1923, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and Laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words:

"OFFICIAL BALLOT": "For the amendment to Article 8, of the Constitution of the State of Texas, providing for a State system of highways." "Against the amendment to Article 8, of the Constitution of the State of Texas, providing for a State system of highways"

Those voters who favor such amendment shall erase by marking a line through the words "Against the Amendment to Article 8, of the Constitution of the State of Texas; providing for a State system of highways." Those who oppose such amendment shall erase by marking a line through these, the words, "For the amendment to Article 8 of the Constitution of the State of Texas, providing for a State system of highways." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder.

S. L. STAPLES,
Secretary of State.

$100,000 BLAZE THIS MORNING IN DALLAS

DALLAS, June 25.—Fire, starting in a down town paint store and spreading to a cafe, caused damage of more than $100,000 this morning. Half of the fire fighting apparatus was called out and firemen had great difficulty in subduing the fire. The origin of the blaze in the Sherwin-Williams company is undetermined.

Train Falls Off Elevated Track This Afternoon

NEW YORK, June 25.—A two car elevated train fell from the track this afternoon. Early police reports said ten may have been killed, and twenty injured. The train was crowded. A tremendous crowd gathered at the scene. Police and firemen were rushed to the rescue.

Miss Emily Davis left this afternoon for Tulsa, Oklahoma, where she will visit friends and relatives for about the next month.

KLAN CYCLOPS TO TELL OF MER ROUGE AFFAIR

FORT WORTH, June 25.—Denying that the Ku Klux Klan had any connection with the alleged slaying of Watt Daniel and Thomas Richards at Mer Rouge after they are said to have been kidnaped, Capt. J. K. Skipworth, exalted cyclops at Mer Rouge, is here to address a meeting tonight. He is on a speaking tour to exonerate the Mer Rouge Klan of any responsibility for the alleged murders. He expressed the belief that the bodies found in the lake, which brought on the investigation, were not those of Daniel and Richards. He said he believes that Daniel is still alive.

OLATHE, Kas.—Roscoe Lapetina, 12 year old Italian boy, was arrested here for emulating the late Jesse James. Deputy Sheriffs said he stole the saddle horse, and rode 50 miles across Kansas, terrorized country folk and looting nine farm homes.

COCA COLA KING, SUED BY WOMAN MARRIES.

Mrs Onezime de Bouchelle & Asa G Candler.

Asa G. Candler, the Coca Cola king and philanthropist, of Atlanta, Georgia, who is being sued by Mme. Onezima de Bouchel, New Orleans (Louisima) society leader, for breach of promise, startled his friends by quietly marrying Mrs. May L. Ragin, a pubic stenographer, herself a widow with two children. Candler met Mrs. de Bouchel while she was matron for the maids of honor at a United Confederate Veterans reunion in Atlanta and became engaged to her, but later refused to marry, and to clear her name she sued.

TITLED PAIR ON LOVE ILIAD.

Earl and Countess of Lanesborough

The Earl of Lanesborough, England, and his bride, the Countess Lanesboruogh, have arrived in San Francisco from Honolulu in their "Love Iliad" tour of the world. On their honeymoon trip they succeeded in evading all camera men from London to San Francisco, but there they lost out. Mr. and Mrs. Douglas Fairbanks (Mary Pickford), friends of the titled tourists, have arranged to entertain them at their California home.

Colonel Humphreys To Go To Colorado To Spend Summer

Col. A. E. Humphreys will leave Tuesday night or early Wednesday morning for Dallas where on Wednesday a directors meeting will be held of officials of the company. Several important matters will be taken up at the session it is understood, following which Colonel Humphreys will leave for Denver and other Colorado points where he will remain through the Summer. He will be absent about three months and plans to return here in September. He will go to Denver by way of Amarillo where the company now has two drilling operations in a territory that is considered bright with promise. In the meantime, he is spending a busy period at his desk and in the field. Before his departure, the Humphreys' Fair well at Powell is expected to join the gusher list there.

Rebuttal Evidence In Ross Trial To Be Heard Today

LUBBOCK, Texas, June 25.—Rebuttal defense testimony in the Ross trial has begun. It is expected that taking of testimony will be concluded today, and that argument will begin tomorrow.

ADDITIONAL OIL FRAUD CASES TRIED THIS WEEK

FORT WORTH, June 25.—Additional oil fraud indictments are expected to be returned this week by the federal grand jury which reconvened this morning. Evidence involving half a dozen companies will be presented. Several oil company officials, found guilty of using the mails to defraud started sentences last week.

BRITISH PREMIER SEES NO PROTEST GROUNDS

Oil Field Worker Dies Following Accident Sunday At Noon

Baldwin Acknowledges Right Of U. S. To Break Seals In American Waters

LONDON, June 25.—Premier Baldwin announced in the House of Commons that he saw no ground for the British protest against breaking customs seals in American territorial waters by the United States. The statement followed questions as to the government's attitude toward America's confiscation of sealed liquors on British liners.

NEW YORK, June 35.—Federal dry agents removed liquor from the liner Berengaria. Liquor was brought in on other foreign ships will be dealt with immediately, officials said.

Big Congregations Hear Opening Services Of The Revival At The M. E. C. S.

"Who Made the Devil?"

This subject will be discussed by Dr. Luther B. Bridgers, evangelist, at the revival at the First Methodist church tonight.

In announcing this subject Sunday, he stated that it might sound rather sensational but that he would treat the text in a manner that would appeal to the reason of his hearers and endeavor to give them something that would make them thoughtful and serious and help them in their daily fight with the evil one.

Dr. Bridgers measured up to every expectation and everything that had been said of him as a great preacher and a stalwart Christian at both morning and evening hours Sunday. It was a great day for the congregations assembled, and an inspiration to everyone who heard the eloquent masterpiece of the morning and the stirring exposition of the World Problems of the Day discussed at night.

In the morning service, Rev. W. B. Andrews, pastor, expressed his appreciation to The Mexia Daily News for its co-operation with the churches in this city in their various undertakings and for the help in letting the public know of the revival at the Methodist church, calling particular attention to the editorials in the newspaper.

In introducing the evangelist, he stated that he was going to take the bridle off and turn him loose in the field which he has now entered.

Mr. Jenkins sang "Confidence" prior to the sermon and following the message, he and Dr. Bridgers together sang "In The Garden". Both won the hearts of the congregation with these renditions. A great choir and strong congregational singing are the hope of Mr. Jenkins who states that old and new songs will be sung throughout the revival.

Dr. Bridgers appealed for the cooperation of the congregation and citizenship in order that the great need for a revival in Mexia might be met at this time.

His morning theme was centered around the twenty-second verse of the fifteenth chapter of First Corinthians: "For as in Adam all die, even so in Christ shall all be made alive."

The message was one of inspiration to one and all to walk worthy of their vocations, in the knowledge and faith of the immortality of the soul.

At the night's service, following a song service, joined in by the big congregation, Mr. Jenkins sang in his heart touching manner:

"The Heart That Was Broken for Me."

The Baptist and C. P. Congregations were dismissed for the service last night and the big auditorium and Sunday school rooms were filled with the vast congregation that had gathhered for the evening hour of worship. This fact was taken note of and appreciated. Rev Andrews and Dr. Bridgers join in extending a cordial invitation to every citizen, regardless of denominational belief, to join in making the service helpful to Mexia. The speaker presented a strong discourse, analyzing the great problems of the world in the sermon at night. The text was taken from the third chapter of Habakkuk:

"O Lord, I have heard thy speech, and was afraid: O Lord, revive thy work in the midst of the years, in the midst of the years make known; in wrath remember Mercy."

He said that Habakkuk's prayer to God showed that he and his people were passing through a crisis In applying it to the times, he reviewed conditions in the world today, showing that a crisis in the life of humanity has been reached. The changes that have taken place in the past ten years were cited as illustrations and America was pointed to as the world's hope and that Jesus Christ is the hope of America. Save America and you will save the world was the ringing message to the Christian Protestantism of this community brought by the speaker last night. In the past ten years, Russia has witnessed the murder of 36 million of her people. In the past ten years, the world has

(Continued on Page Two.)

PRESIDENT HARDING NOW ON ALASKAN TRIP.

President Harding is shown, with Mrs. Harding and Secretary Christian, on the observation car of the special train in which he left Washington for his 15,000 mile trip to Alaska. He will return by way of Porto Rico.

Powell Pushes Mexia District Production Near 100,000 Daily As New Gushers Are Brought In

The production in the Powell pool promises to rush the total yield of the Mexia district up to 100,000 barrels daily befoer the week is history.

The Gulf's Christian 12,000 feet Northeast of the Hughes McKie 1, which blew in Saturday for what was roughly estimated at 15,000 barrels daily and the Hughes McKie 4, estimated at 7,000 barrels made that the banner gusher day of the week.

The production of the field today is about as follows:

Gulf Christian 1, 10,000.

Hughes McKie No. 4, 7,000 barrels.

J. K. Hughes McKie No. 1, 4,800 barrels.

Humphreys Kent No. 1, 3,600 barrels.

Humphreys McKie No. 2, 4,000 barrels.

Gulf Blumrossen No. 1, 15,000 barrels.

U. S. Tex Burke No. 1, 2,000 barrels.

U. S. Tex Burke No. 2, 15,000 barrels.

Total, 34,400 barrels.

Flush production of the gushers listed for the field ran from 5,000 to 30,000 barrels. Some of this has been pinched in and other wells show a natural decline.

Operations of one foreign company, the Roxana Petroleum, a Dutch Shell subsidiary, is causing interest in the field. The Roxana has some splendid acreage blocked out and now has six wells under way on the McKie and Burke tracts. Of these, three are drilling below 2,000 feet and two are expected to be completed this week.

The Humble company has begun or staked seven tests in the field and is expected to figure heavily in the production column within the next few weeks.

Next Wells Expected.

Next wells expected in are the Sun company's Kent, now setting casing preparatory to drilling in at 2,824 feet; Texas company's McKie No. 2, setting 10-inch below 2,900 feet; Cranfield & Jones Christian No. 1, setting casing at 2,868 feet; Humphreys Fair, setting casing at 2,821 feet.

The Thompson Springfield No. 2 is a rig.

The Texas company's McKie No. 1 is drilling at 2,188 feet.

The U. S. Tex Burke No. 3 has encountered hard gumbo at 1,850 feet.

The Corsicana Oil and Refining company and Humphreys Joint Burke No. 1 has been abandoned. This is in the original field, to the northeast of the big production of late. Kenner No. 2 of the same company in that territory also has been abandoned.

Gulf's Blumrossen No. 2 is drilling at 1,502 feet.

Of the Roxana wells, Blumrossen No. 1 has a fishing job at 2,950 feet; No. 2 is drilling at 2,070 feet; No. 3 at 2,195 feet. McKie No. 4, of this company, is rigging up and McKie No. 1 is drilling at 2,295 feet.

Rewards Navarro's Faith.

Years of patient exploring and consistent faith on the part of Navarro county citizens has been rewarded in the Powell field. Although operations in other sections of the county have produced some results, particularly in the Corsicana shallow sector, the potentialities of the Powell field so far overshadow that the spotlight is turned full force in that direction.

Operators declare that the Powell field is another victory for the Balcones fault, which now has porduced five distinct pools. Of these the Kosse field alone has been a disappointment, and there are those who say that even yet this pool will make itself known at the proper time.

Body Will Be Carried To Old Home At Rosebud To Be Interred Tuesday

Robert L. McClendon, 33, died about seven o'clock Sunday night following an accident in the oil field which occurred about noon yesterday.

He was working on an Humphreys well where cleaning out was in process, when his body was caught in the ropes of the bull wheel, crushing his leg, chest and shoulder. E. M. Sill, Undertaker, was telephoned immediately and was met at the Henry Warehouse and from there taken to the scene of the accident which was in the southwestern part of the field. He was brought to the Humphreys sanitarium and passed away about six hours later.

The Sill ambulance will convey the remains to his old home at Rosebud, Texas, for interment Tuesday. There his father, J. E. McClendon and other relatives live. He also has a relative at Wanette, L. B. McClendon, who was notified of the accident and death.

He has been in the field for several months. Until Sunday morning, lately he has been working in the Powell field, but was [illegible] Sunday morning of the date of the accident.

Will The Powell Pool Witness A Shut Down Within Next Few Days?

Will the Powell field soon witness a shut down in operations to any effective extent?

This is a question that is perplexing many oil field workers and others who follow the development of oil fields.

There are some who assert that there is something in the wind that points to such a condition, especially on acreage controlled by the major oil companies. Market conditions are said to justify such an expectancy. Nothing, however, of a definite nature can be learned as yet. However, in a few days something may develop along these lines to answer the query so important to that section of the Mexia district.

Mrs. W. B. Bonner returned today from a few days visit with friends and relatives in Corsicana.

38 KILLED IN AUTO WRECKS IN AMERICA SUNDAY

DALLAS, June 25.—Thirty eight killed, 184 injured over week end as result of automobile accidents in thirty three large cities. Four were killed and twenty two injured in Detroit. Johnstown, Pa., Denver and Cuyohoga Falls reported three killed each.

HEAT WAVE IS RESPONSIBLE FOR MANY DEATHS

DALLAS, June 25.—Eleven were killed by heat over the week end while twenty nine others, seeking relief from the heat, were drowned. No let up in the heat wave is promised by the Weather Bureau at Washington.

McFALL GASSING

A good showing of gas has been penetarted in the McFall test, Northeast of town about 4 miles, at about 1090. The well at noon today had reached the 1100 foot level and rapid progress is being made downward. It is expected that the Nachitoches sand will be penetrated this week. If found profitable, it will be developed before passing on down.

WELLINGTON, Kas.—"Rowdie" trail hound, slipped away from his master, J. H. McCracken, and returned to his old home at Monett, Mo., 300 miles. Before the dog could be shipped back, he escaped and returned to Wellington.

Three In President's Party Die In Auto Wreck

DENVER, June 25.—The third victim of the automobile crash died this morning. Thomas F. Dawson, state historian, died unexpectedly after he had apparently passed the critical stage.

DENVER, Colo., June 25.—Donald A. Craig and Thomas A. Dawson, newspapermen, seriously injured when an automobile carried Sumner M. Curtis, of the Republican National Committee and Thomas French of Denver to their death over a cliff here will recover, physicians believe.

Craig, Washington manager of the New York Herald, and Dawson, now Colorado State historian, received severe lacerations and fractures and possible internal injuries.

President Harding might himself have ridden in the death car which had been set aside for his use, but engagements prevented his going along.

The accident occurfred in a manner not yet explained; French, who was driving, never recovered consciousness. One of a line of cars ascending a treacherous trail over Lookout mountain, the automobile containing the victims suddenly left the road and plunged over the side of a cliff. It tumbled end over end, finally landing upright. When rescuers reached the wrecked car, Curtis was dead, French unconscious, and the others suffering from severe injuries.

The automobile plunged down about seventy five feet. It is thought the steering gear may have been defective. Since French, the driver, is dead, the exact cause of the accident may never be learned.

Occupants in cars to the rear saw the death car swerve suddenly as it reached a sharp curve and then crash through two steel cables forming a "safety fence" on the brink.

President Harding was at the home of Senator Phipps when the accident occurred.

REED RESIGNS

William Reed, Secretary and Assistant Treasurer of the Humphreys Oil Company, has tendered his resignation as such to officials of the company. His successor will be elected at the directors meeting Wednesday in Dallas.

The Heat Wave Pro And Con.

TWO DEAD IN NEW YORK

NEW YORK, June 25.—Two persons are dead as the result of a renewed heat wave which touched 91 degrees Sunady, June 24, has been as hot here only three times in 43 years. No break in the heat wave is in sight, according to the Weather Bureau. Temperature this morning at 8 a. m. was 75.

UNBROKEN IN SOUTHWEST

KANSAS CITY, Mo., June 25.—The heat wave through the Southwest was unbroken today, with new high temperatures for the year being reported in many cities. The mercury climbed to 94 in Kansas City, the highest for the summer.

PERISHED WHILE SEEKING RELIEF

DETROIT, Mich., June 25.—Fourteen persons were drowned, four were killed by automobiles and twenty injured, two seriously yesterday when Michigan residents tried to get relief from the record heat of the year.

A temperature of 104 degrees was recorded on the streets of Detroit.

SIX IN CHICAGO FOR WEEK

CHICAGO, June 25.—Six week-end deaths from the heat were reported in Chicago today bringing the total for seven days to 27.

More than 100 persons were prostrated. Temperatures continued in the nineties.

ST. LOUIS REPORTS TWO

ST. LOUIS, Mo., June 25.—Two dead from heat prostration and four persons seeking relief from the heat were drowned over the week-end here.

Temperatures ranging above 90 degres were registered in St. Louis and vicinity. The heat wave continued unbroken today.

REFRESHING SHOWERS IN OHIO

COLUMBUS, Ohio, June 25.—Refreshing showers last night were followed by cool breezes here today and weather forecasters predicted the eight day heat wave is at an end.

MERCURY GOING UP IN OKLA

OKLAHOMA CITY, Okla., June 25.—After sweltering through the hottest day of the season here Sunday when the mercury stood above 96 degrees, higher temperature is in prospect here today according to the Weather Bureau. Humidity can not be blamed for the opperssive heat throughout the State, according to the bureau. No heat casualties have been reported.

MOIST IN MASSACHUSSETTS

BOSTON, Mass., June 25.—A blanket of moist heat settled over New England today. The temperature moved up rapidly from 80 soon after sunrise.

Miss Cora McKenna of Corsicana is visiting her friend Miss Mary Porter Travis and Miss Bertha McKenna is visiting Miss Louise Maddox.

Miss Christine Parker of Corsicana is visiting Miss Mildred Cox of this city.

Mr. and Mrs. Howard Wright and family and Mr. J. A. Wright are spending a short vacation in Glenrose.

WHY PEOPLE BUY WORTHLESS SECURITIES

Imagination, egotism and carelessness are foremost in the nine main reasons why people buy worthless securities, says a report by Samuel O. Rice, Educational Director of the Investment Bankers Association of America, who has just finished an investigation of the causes that impel people to throw away millions of dollars for worthless stocks despite constant warnings from the newspapers. Dishonest greed, honest greed, ignorance, a belief that the law is a personal guardian and a notion that all crooks bear visible earmarks of crookedness are five more reasons, says Mr. Rice. The ninth reason is fraud which, he adds, would be practically non-existent if the other eight reasons did not make it possible.

"An individual with an unharnessed imagination makes it wholly unnecessary," says Mr. Rice, "for a fraudulent promoter to use fraud in selling stock in worthless 'new invention' or other scheme. The promoter simply tells of the fortunes made by well known inventions and industries; the victims' imagination does the rest. He sees the spurious enterprise achieving the same success. He doesn't let memory or reason tell him that the success of one company is absolutely no assurance that some other company will achieve success in the same line, or that the 'new invention' came from a 'laboratory' that specializes in turning out plausible, worthless 'inventions' to be used as a basis for worthless stock flotations.

"Egotism also enables the promoter to dodge risk of going to jail. He uses flattery instead of misrepresentation. Egotism prevents the buyer from heeding the advice of careful friends or of consulting a reliable dealer in securities.

"Carelessness is responsible for the losses by shrewd money-makers who are not familiar with investment-making principles and who are haphazard in investigation and careless of their sources of information. The careless 'investment' often is termed 'a flier in the market'. It really is nothing more than a nose dive to mud bottom.

"Dishonest greed makes the 'bird dog' type of buyer of worthless securities. He exacts shady 'ground floor' concessions from the promoter and the promoter 'reluctantly' consents. He always seeks something for nothing. He lets his acquaintances in on 'good things' for a consideration from the promoter.

"Honest greed is a delusion, safe investments paying 10 or 12 per cent, or more, are easily found. History, and the most reliable authority possible cannot swerve many thoroughly honest people who have this notion. They are the despair of every honest bond salesman and an unending delight and profit to fraudulent promoters.

"Ignorance, to be sure, takes in all the other reasons, but its most harmful feature is the failure of the uninformed investor to realize that he will never find a crook who isn't crooked and that he must go to a reputable dealer in securities who can and will tell him the truth, if he is to find profitable investments and avoid loss. Thousands, probably millions of people, do not know the difference between an investment banker and a broker, or the difference between investing, speculating, gambling and throwing money away.

"Many persons strangely believe that Blue Sky Laws and other laws guarantee against fraud. Crooks have grown rich on this delusion. Blue Sky Laws undoubtedly keep many swindles from reaching the public, but they do not keep them all out, and never will.

"Nor does the crook talk, dress, act or look like a crook. He has a near-perfect disguise as a well-dressed, honest business man. Or, he may appear as a sturdy, old, diamond-in-the-rough oil man in boots and a two-gallon hat, who is too busy making money for his stockholders to put on a necktie. But never does he appear in the guise of the Rich Quick Wallingford, although, [illegible] many sensible men and women

"Fraud is often present in the sale of worthless securities, but is so adroit, is in what the promoter leaves unsaid, as well as in what he says, that it is difficult or impossible to convict despite the best efforts of prosecutors. What does the average man or woman know as to what constitutes criminal misrepresentations? Only a competent attorney can define it. Rather the average man should guard against his own imagination, his egotism, and lack of information than against fraud. There is only one way to eliminate the nine reasons for buying worthless securities and that is to consult an honest dealer, just as you consult a reputable physician lawyer or engineer when in need of expert advice. The reputable investment banker is just as much a highly-trained expert and specialist in his line as the physician, lawyer, or engineer is in his calling."

REVIVAL

(Continued from Page 1)

witnessed a war brought on by the insatiable thirst for power of a maniacal monarch, in which 21 million lost their lives. Germany at one time was known as the most religious nation in the world. God prospered them and out of this prosperity was born the hymn of hate which they later sang to their national disgrace and calamity. They forgot the God of their fathers and today the stability of that people is dependent upon the spiritual forces at work through the Christian organization of their country. These were some of the ideas enforced by the great message. That America is none too secure was emphasized. In this country today, he said, there are 58 million men, women and children who profess no religious faith whatever. They are neither Protestant nor Roman Catholic. There are an amazingly large number of temples in this country erected by folks who worship a heathen god. Only a small per cent of the young men of the churches of the country ever attend a Sunday School or church. A large per cent of the members of the churches of this country are women. Upon the shoulders of the few rest the responsibility of saving this nation from oblivion, such as past civilizations have been hidden under—Ninevah, Babylon, the countries on the banks of the Nile, Greece and Rome. In pointing back to those now obscure units of history, he said that in many respects they outstripped the civilization of the present and the United States of America is none too secure. We, as a nation must pray with Habakkuk "O Lord, revive thy work." As a part of this nation, this great Missionary Movement should begin, as far as we are concerned, right here in Mexia.

His discussion of modern day problems, national and international, aroused a deep interest and a desire on the part of the vast majority of the congregation for a revival in Mexia. At the conclusion of the service, he asked all who desired to see such an inspirational movement here to stand up and the entire audience rose as one.

We need to be more reverential, he stressed, and not be so adventuresome and disrespectful to God in our daily life and conduct.

The morning hour was announced as from 10 until 11. The business men of the city are urged to be present in large numbers. Great congregations are expected at each and every service, as the momentum of the first day indicates that a great revival has already begun here.

This morning, the congregation was large for the first week day morning service. Tomorrow and every day hereafter, it is expected to be larger.

"God's Attitude Toward Little Things" was the subject of the morning sermon. Matthew 18:20.

The congregations have found that the fans make the church very cool despite the heat of the Summer.

OIL

Developments in several of the wildcat wells drilling in the Mexia field are commanding considerable interest during the past few days and are being keenly watched by members of the oil fraternity. Most any day the unexpected may happen and the people of Mexia and its business interests again experience the thrill of a real oil boom as of days of yore.

News coming from those in charge of the McFall well which is drilling east of Mexia, between the field and Teague, tell of interesting formations and considerable gas and rainbow oil at around a thousand feet. This well is being financed and drilled by J. H. Lent, et al., and Oklahoma interests. With a good drilling outfit and experienced drillers this test is making good progress. Mr. Lent returned from a trip to Oklahoma and Kansas Sunday.

"Doc" Fairfield is fighting a fishing job on the Moody well at Tehuacana. Several days ago a bailer got hung in the hole and the fishing job resulted. Driller Fairfield, is better known in the oilfields oil circles as the man who drilled the first big gusher in the Mexia field for the Humphreys interests.

Oil men are showing a great deal of faith in making a producer in the Moody. There has been strong gas showing and the bit is covered with good live oil, whenever the tools are brought up. From the fact that he is personally interested in leases near the well and not for a money consideration of wages many believe that he has the right hunch in what may be expected any day at the Moody.

Wiley Sims, who is supervising the work on the Roxie Sims well, southeast of Mexia about twelve miles, is in town today getting materials and tools to go back into the hole on this test. The casing is being set at 9,500 feet and will be completed at that or a boulder in below 15,000 feet is out of the way. This well has been showing good live oil and gas for some time and yesterday a heavy gas pressure was showing.

Fred Hogue, the night driller on the Moody well has been on the sick list for the past few days and is able to be up and about. He plans to resume his duties on the Moody in a few days. Driller Hogue has been a great booster for this well and is holding some close-up leases near the development.

There is a great deal of reclaimation work going on in the main field and many of the wells are having new tubing and rods installed. In most every instance the work when finished results in stimulation production. The wells in the vicinity of the Mills, Lint and Roller leases as well as in the Fish Pond district are being worked over.

Charles Porter Tinsley, Mexia operator returned from Luling yesterday and was in Corsicana and Powell last night for a few hours. With C. W. Killough and Fred H. Butcher he is interested in some good leases in these fields and plans returning to Luling late tonight.

The well being drilled by Phil Ross, between Mexia and Wortham is going down towards the pay with great rapidity and have passed through the Austin chalk at the regular strata. People from Iowa are interested in this test as well as some leases in Victoria county and Luling.

Roy White, who formerly worked in Jimmies cafe, and a few months ago went to California, returned to the city Sunday morning. He says that he had a good time out there, but he just could not stay away from a good town.

Mexia .....000 000 200—2
Austin .....110 204 00*—8

Summary. Home runs, Henderson 2 Two base hits, McElwee, Gillespie, Flynn, C. Johnson. Base on balls. Collins 1, Tiner 2, C. Johnson 1. Struck out. Collins 3, Tiner 1, Johnson 1. Loosing pitcher, Tiner.

Don Flynn, Austin's wild Irishman, is the leading hitter of the Texas Association, having an average of .356, including games of June 15. Flynn is also the leading home run hitter of the circuit with 11. Flynn is the only hitter in the .300 class on the Austin club, while Sherman does not boast of even one athlete in the charmed circle.

Lacy, Corsicana catcher, who was leading the league some time ago, is still cracking the pill at a merry clip and is close on the heels of Flynn with an average of .346. There are only 12 .300 hitters in the loop and if the 12, the Marlin team boasts of four. One of these, however is a pitcher, who has participated in only a few games.

The Mexia club has three .300 hitters, Bryan leading that team with an average of .326, with Butler 3 points behind him.

In team batting Mexia has a healthy margin over the field, with an average of .268 against the .252 of Marlin, the runner up in this line. Austin, the cellar champion of the circuit, ranks fourth in team batting.

Gillespie, the speedy Waco outfielder and all-around man, is the leading scorer of the league. He has crossed the plate 46 times, but his batting average has fallen considerably in the last month. However, he is still clouting the pill for an average of .311. Whitney of Mexia is second in scoring runs with 44, and his teammate, Butler, has crossed the pan 43 times.

Following are the batting averages of the Texas association players who have participated in as many as 10 games, including contests of June 15.

PLAYER	G	AB	R	H	Hr	Avg

Street Paving Goes Bravely On

When the paving crew finishes the present unite there will be in Mexia about 80 blocks of paved streets, and McKinney will be the longest unit with 16 blocks, or about one mile.

The next unit to be paved will be two blocks on Rusk, and four blocks on Carthage, which are now being made ready for the concrete, and after that will come West Main and East Hopkins and several others.

When the entire program is finihsed Mexia will have right at eight miles of paved streets to take the place of the long lines of mud holes that we have been worrking along with for so many years.

Come to Mexia, the city that vision and work are building.

Masonic Lodge Elects Officers

At the regular meeting of Springfield Lodge No. 74, A. F. and A. M., held last Saturday night the following officers were chosen for the next year:

Elective Officers

Colon Phillips, W. M.
T. O. Meador, S. W.
Rodney Tidwell, J. W.
Julius Nuessbaum, Treasurer.
J. Frank Cogdell, Secretary.
T. A. Griffith, Tiler.

Appointive Officers

H. G. Pierce, S. D.
Rod Fielder, J. D.
Geo. M. Tidwell, S. S.
A. M. Stevens, J. S.

These officers will be installed Wednesday night next, and at the same time the Chapter officers recently elected will also be installed.

Refreshments will be served. Visitors are always welcome.

The Salesmanship club and the Lions culb will hook up in deadly combat at Nowlin Park this afternoon and the Salesmanship club will try to become Lion tamers. Both teams boast of a fine fielding and hard hitting team. But I think that by the talk I have heard the Salesmanship club is a little stronger because of the way they put things.

Mrs. Nelson Forrest entertained last week with a forty-two and bridge party in honor of Mrs. Walter Faught.

The yellow color scheme was beautifully carried out with the black eyed Susans and Ferns, as each guest arrived the hostess gave them a score card. While playing they were served orange ade. Those winning high scores were Mrs. Gray Forrest in forty two, which she presented to the honor guest Mrs. Walter Faught. Mrs. Sam Cox won in bridge and presented it to Mrs. R. DeLong. In each case it was a gold vanity. The honoree was given a cut glass perfume bottle. The salad course was served on a bamboo tray, it consisted of chicken salad, potato chips, olives, sandwiches, wafers and salted almonds, ice tea and then orange ice.

Sunday afternoon the writer sat his front porch on Sumpter stre lately paved, and counted fifty ca pass inside of thirty minutes, and of them weer Fords and 22 a mixtu of all other kinds. This would seem indicate that there were about 1,0 cars used that shreet during the d and that about 600 were Fords.

Joseph R. Kelley, Minister, S Mary's Catholic church has returne all blistered, but pleased, from a t week's vacation spent at Galvesto He states that he feels much refresh because of the short vacation.

Dr. Luther B. Bridgers, evangeli arrived late Saturday for the meeti in the Methodist church here. H came by auto from Marlin, where and his wife and son spent the wee

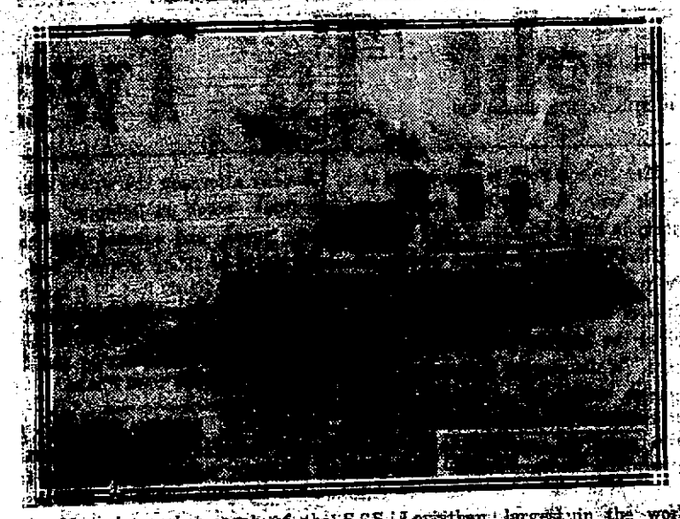
S. S. LEVIATHAN SAILS



Here is a photograph of the S.S. Leviathan, largest in the world in point of tonnage and largest ever to carry the American flag, leaving dry dock in Boston, where she was scraped and painted preparatory to her six-day break-down trip to Cuba.

Man Thought Dead Very Much Alive

Warren J. Lincoln, horticulturist, of Aurora, Illinois, whose presumed murderers have been sought all over the United States, following his disappearance and the finding of blood stained Indian clubs, has returned to the little town, telling a weird story of being kidnaped in a plot engineered by his estranged wife. The sheriff, doubting the story, has dropped the case.

Hampton Steele of Thornton is in the city visiting some of his children and grand-children.

Mr. and Mrs. T. O. Meeks have returned from a few days outing on the upper Colorado river, in Burnett county.

Miss Beatrice Royall of Cumings is in the city visiting Miss Ellen Gibson.

Wheat King's Daughter Sued for Divorce

Mrs. Agnes Wilder

Mrs. Agnes Patten Wilder, daughter of James A. Patten, of Chicago, "wheat king," has been sued for divorce by her husband, Laurence E. Wilder, son of John W. Wilder, millionaire tanner. According to the suit, Mrs. Wilder took her three adopted children and deserted her husband to make her home in Montecito, California, in June of 1921.

A number of Mexia people attended the ball game at Waco Sunday.

OFF TO WYOMING

On Tuesday morning an auto party composed of Mr. and Mrs. C. J. Sterling, their daughter Mrs. Leila Mae Lee and son, Rudolph and John Bennett of Mexia, Misses Jessye Mae Roberts of Tyler and Jewell Bragg of Corsicana will leave for a summer's visit in Colorado and Wyoming. They will meet Mr. and Mrs. Sterling's two sons, Hiram and Walter, in Cheyenne to enjoy the famous Cheyenne Frontier Day's celebration in which the Sterling boys always take prominent parts.

TO SALVATION ARMY'S SUNDAY SCHOOL FUND

Jesse McClendon, President of the Mexia Baseball club, accompanied by his son-in-law, W. R. Allison and Mrs. Allison saw the baseball game between the Giants and Rangers at Austin Sunday. Mr. McClendon and Manager Hub Northern offered the boys a dollar each for every hit of the game. All told they collected $22 which they immediately turned over to Sunday School picnic fund of the Salvation Army.

DR. D. C. BAYLESS IS BACK FROM ST. LOUIS ROTARY CONVENTION

Dr. David Carson Bayless has returned from St. Louis where he attended the Rotary conventions as the delegates from Mexia Rotary. He will present his report to the Rotarians at the regular weekly luncheon next Thursday. Dr. Tom Oates will preside over the meeting Thursday.

PRODUCER BROUGHT IN NEAR CLEBURNE

Word has been received here of a small producer brought in near Cleburne in Johnson county. The discovery has caused considerable excitement among certain operators here who have been watching that district with interest.

DANCE TO DANCE IN NEW HOME TONIGHT

The Elks will hold their first dance to be held in the new club building tonight at 8:30. Music for the occasion will be furnished by the Elks Orchestra and a big time is anticipated by the members and their ladies in the new club building, into which the offices and lodge room have just been moved.

COLLINS HAS HAND INJURED SATURDAY

Sidney Collins, who was working with the night shift on the test being drilled on the McFall, four miles Northeast of town and who had his left hand injured Saturday, is reported doing nicely today. He is in a local hospital.

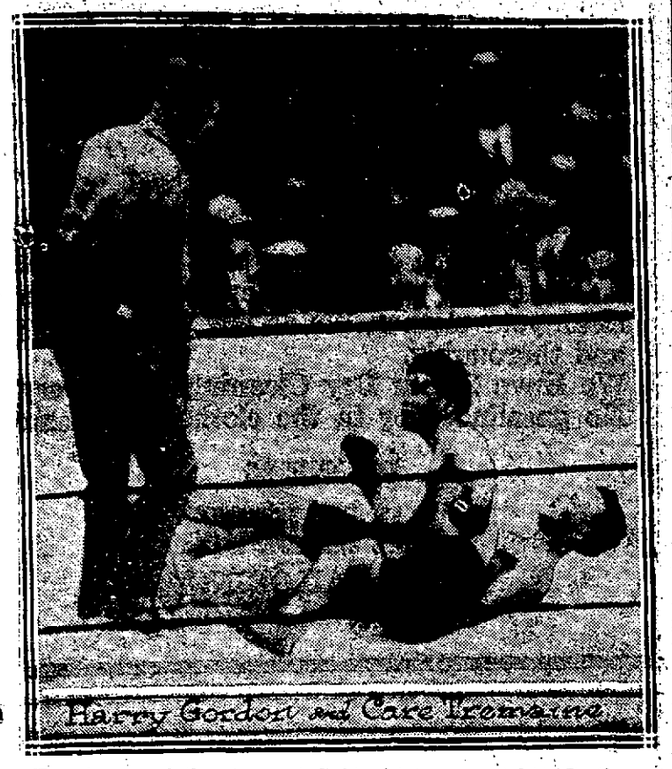
STRANGE DOUBLE KNOCKDOWN IN RING



Here is one of the strangest fight pictures ever taken. In the preliminary fight before Pancho Villa, the Filipino, won the world's bantamweight championship from Jimmy Wilde, Harry Gordon fought Carl Tremaine. The bantams were mixing it up fiercely when they landed simultaneously rights to the jaw, each knocking the other down. Both men took the count before continuing the fight, which went to Gordon on the referee's decision.

Pulling Tooth Cause Of Man's Death

SAN ANTONIO, Texas, June 23.—Loss of blood resulting from the pulling of a tooth caused the death of E. Koch here.

Koch suffered from what is known as an impacted wisdom tooth and went to a dentist to have the tooth extracted.

The dentist cut through the gum to get to the impacted molar and in doing so severed a small artery. When the forceps were applied the artery was opened and the gum began bleeding profusely.

Attempts to stop the flow of blood were futile and Koch was removed to a hospital where he died from loss of blood.

LAWLER-BUTLER WEDDING

Miss Helen Lawler and Mr. P. D. Butler of Mexia were united in marriage Sunday morning at Groesbeck.

Miss Lawler has been visiting her sister, Mrs. F. G. Smith, here for the last few weeks.

Mr. Butler is employed in the Cheeves Brothers' store and they will make their home in Mexia.—Coolidge Herald.

All refrigerators and ice boxes on sale this week at wholesale cost. Dollarhide Hardware Co., 313 East Commerce street. Masonic building. 25d2

SPORTLIGHTS

By W. R.

Robbie Gillespie played his first game with the Rangers yesterday and helped defeat the Gushers with a double and two singles.

Sherman and Corsicana split a double header, Sherman taking the first game 9 to 4 and the Busters winning the last 4 to 2.

Mexia opens at Waco today and they are expected to take the series from the Indians. If they do they have the pennant for the first half cinched.

Austin takes on the Sherman Red Sox and quite a change is expected to be seen in the standing to the Sox as the Rangers hit anything and anywhere, and at anytime. We've found out a few things lately.

Bill Stellbauer has been sold to the Omaha Buff in the Western league by the Fort Worth Cats. The buying of Edington by the Cats forced them to cut out a player and Bill was the unfortunate one.

Spoke's bunch defeated the St. Louis Browns, Sunday, 8 to 2.

Ed Wood made a flying trip to New Orleans, leaving Mexia last Saturday noon and returning this morning. He said he saw lots of water on the trip, to say nothing of the Mississippi river, which he crossed. Rains have been plentiful to the east of this section. We may get some yet.

With our method of personal instruction, pupils can enroll at any time and finish quickly. We have school five days and three nights a week, all through the year. Enroll now and be ready for early fall work.—Sinclair Business School, 116 Spring building. 25L6

PIPE LINES PUSHED.

Additional pipe line service to the field is being rushed and companies with extensive holdings and numerous operations are building largely on the promises that have already been made by the field. The Humble Oil and Refining company is constructing a messhall for its camp on the Irvine lease that will accommodate 250 men. An additional bunkhouse is also being built at the camp. Four five-room and three four-room bunkhouses are being erected by the company at its site near Mildred, together with messhall to accommodate thirty men. The Humble has an eight-inch pipe line to the field from Wortham and gathering lines for the field are expected to be completed by the middle of the coming week. The company is to lay another eight-inch line from Currie, which will connect with the line to the Groesbeck tank farm.

The Humphreys Oil company is building a camp on its McKie lease, also an 80,000 barrel capacity steel tank which will be used if emergency demands for oil, otherwise for water. The Humphreys company also is building a steel warehouse at the Mildred stop on the Trinity & Brazos Valley railway. The production of the Humphreys company from the field is being taken by the Prairie Pipe Line company.

The Humphreys Oil company's McKie No. 2, which has spurred on activities to such an extent in the southwest end of the field, set at 2,821 feet. It hit the sand and was drilled two feet in. This well made 162 barrels of oil in the first half hour. Due to limited facilities for getting the oil from the field it was put on two inch choker. Friday, the day after it was brought in, it made 3,600 barrels through the choker. The Gulf's Blumrossen No. 1, another producer of the week, made 1,100 barrels of oil in the first twenty-two hours of its flow. It is considered good for 1,200 barrels daily.

The operation of the E. L. Smith Oil company, on the Irvine tract, is being watched with interest. This test a quarter of a mile south of the Humphreys-McKie No. 2, on the west side of Chambers Creek, is drilling below 2,700 feet. This operation is offset by the Humble and Roxana. The E. L. Smith Oil company has two more locations on its Irvine tract.

HOT WEATHER TOGS

If you're going to buy any clothes this summer—here's something we want to say to you.

This store contains at this moment the largest and best assortment of cool summer clothings to be found anywhere. When we say largest assortment, we mean your advantage in selecting. When we say best assortment, we mean best for you.

Mrs. Buzzi Put On Trial For Schneider Murder

Here is a late photograph of Mrs. Anna Buzzi, who has been placed on trial in New York City on the charge of murdering Frederick Schneider, millionaire Bronx contractor, with whom she had been living for several years. Schneider was mysteriously shot to death in his automobile on a lonely road, and a woman was seen running away.

LABOR PARTY WILL DEMAND MANY REFORMS

LONDON, June 25—Delegates from all over Great Britain met here today to consider the program for the 23 annual conference of the labor party.

The financial resolution condemns the governments policy. particularly as regards expenditure on armaments. It urges the necessity for a capital levy to decrease the tremendous national debt.

In its education resolution, the executive comittee seeks to have the conference denounce the government for "its disastrous policy of crippling our national educational service and forcing education to pursue a similar course."

As to unemployment, the executive committee resolution holds the government responsible for most of the suffering and physical and mental deterioration to which it declares an enormous proportion of the entire wage-earning class has been subjected during the last three years.

With regard to housing, the committee calls for an immediate government undertaking to force local authorities to draw up and carry out a three-year program of house building sufficient to provide "a decent and adequate house" for every family at a rent within the wage earners' means. A part of the scheme would be a subsidy to builders. Money for this would be raised by means of a national loan.

Clearing House For Potato Growers

TEXARKANA, Texas, June 25.—Organization of the Southwest sweet potato growers into an association comprising the growers of four states, is under way here.

The object of the organization is to establish a clearing house for the sweet potato crops of Texas, Oklahoma, Arkansas and Louisianna.

A temporary organization has already been perfected with J. A. Murphy of Kilgore, as president. Murphy is president of the Texas Farm Bureau Sweet Potato Gorwers' Exchange. C. K. Bullard of Dallas, has been elected to darft by-laws, contract forms and a constitution. Bullard is general attorney for the Texas Farm Bureau Federation.

WALES STILL SINGLE AT 29TH ANNIVERSARY

LONDON, June 24—The Prince of Wales is celebrating his twenty-ninth birthday today, and salutes were fired at naval and military stations in honor of the anniversary. The secretaries at St. James's Palace had a busy morning receiving messages of congratulation from all over the world, and the entire Diplomatic Corps called to pay personal and official respects.

The one subject on which the British nation displays anxiety is "When is the Prince going to get married?" It is quite exceptional for the heir to the throne to reach his 29th birthday without having been married or at least bethrothed; and speculation is rife as to the reason for the delay in announcing the Prince's engagement. Since the announcement of the engagement of Lady Rachel Cavendish to the Earl of Moray's son, rumor heads the list of possible candidates with Lady Katherine Hamilton, daughter of the Duke of Abercorn, and Lady Mary Thynne, daughter of the Marquis of Bath.

BIG CIRCULATION CAMPAIGN is now on—Dont let this golden opportunity pass. Send in your subscprition to The Mexia Daily News by mail today. Don't put it off. 16d28

Mr. and Mrs. Tom Nolan attended the Insurance convention held in Galveston the latter part of the week. They left Thursday for that city and had a most pleasant visit both at the convention and at the beach.

Dr. Meikeljohn Quits as Amherst's Head.

Dr. Alexander Miekeljohn, President of Amherst College, Amherst, Massachusetts, has resigned, following a prolonged fight with the trustees. He will take a year's leave of absence before his resignation becomes effective.

Man 49 Years Old Cutting New Teeth

DALLAS, Texas, June 25.—"Mox" or Iverson A. Moxley, waitor in a local restuarant is "one in a million" according to dental statistics.

"Mox" is past 49 years old and is cutting a new set of teeth, which he proudly displays to all his "regulars" during their repast.

He had all his teeth pulled four months ago and now has two brand new ones sprouting.

Robs Calomel Of Nausea and Danger

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Texas Was Pioneer In Electric Cars.

LAREDO, Texas, June 25.—The oldest street car company in the west is preparing to expand.

The Laredo Electric and Street Railway company, which in 1881 operated the only electric street railway west of the Mississippi river, is making preparations for an extension of its service to all parts of this city.

Electric street cars were being operated here when only a few of the larger Eastern cities had electrically operated cars.

The first electrically driven car to be used here was some years ago converted into a house by a family of Mexicans who purchased it from the electric company and is now using it as a home.

BIG CIRCULATION CAMPAIGN is now on—Dont let this golden opportunity pass. Send in your subscprition to The Mexia Daily News by mail today. Don't put it off. 16d28

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Limestone.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Limestone County of the 8th day of June, 1923, by the District Clerk, of said Limestone County, for the sum of Forty Five Hundred ($4500) Dollars and costs of suit, under a Judgment and Foreclosure of Vendors Lien, in favor of W. H. Smith, in a certain cause in said Court No. 2958 B. and styled W. H. Smith vs. John R. Williams et al, placed in my hands for service, I, Whit Popejoy, as Sheriff of Limestone County, Texas, did on the 9th day of June, 1923, levy on certain Real Estate, situated in Limestone County, Texas, described, to wit:

First Tract: Out of subdivision 26 in the City of Mexia in Limestone County, Texas, beginning at the NW corner of said tract, thence east with its North line 752 feet to the NE corner, thence south with its E. line to the line of the City limits thence south west with the city limit line to the S line of said subdivision 26 Thence west with said S line 554 feet to the SW corner of same, Thence west with the N line of said subdivision 560 feet, to the beginning, containing 9.72 acres.

Second tract: the undold portion of subdivision C, division 19 beginning at the NW corner subdivision C Thence east with its N line to the south boundary line of the city limits 430 feet; Thence Southwest with the S line of the city limits to SW corner said subdivision 770 feet, Thence North along west line of said subdivision 289 feet to the place of beginning, containing 1.38 acres.

Third Tract: 2.9 acres out of sec. 42 P. Varela XI league grant, beginning at a point 280 feet S 4 deg, East from the S side of Hopkins street, Thence N 84 deg, 4 min. east 651 feet, Thence North 4 deg west 387 feet to the city limits. Thence with said city limits line 770 feet to the place of beginning; and levied upon as the property of John R. Williams, and that on the first Tuesday in July, 1923, the same being the 3rd day of said month, at the Court House door, of Limestone County, in the town of Groesbeck, Texas, between the hours of 10 A.M. and 4 P. M., by virtue of said levy and said Order of Sale and Vendors Lien, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said John R. Williams et al.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Mexia Daily News, a newspaper published in Limestone County.

Witness my hand, this 8th day of June, 1923.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy.
(11-18-25)

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Pluries Execution issued by the Clerk of the District Court of Collin County, on the 30th day of May, 1923, in a certain cause wherein Collin County Mill & Elevator Company, plaintiffs, and Blackwood & Noble Grocery Company, said corporation, and Lee Noble and R. Blackwood, and each of them jointly and severally, defendants, in which cause a judgment was rendered on the 21st day of February, 1923 in favor of the said plaintiff, Collin County Mill & Elevator Company, against said defendant, Blackwood & Noble Grocery Company, said corporation, and Lee Noble and R. Blackwood, and each of them jointly and severally, for the sum of Seventeen Hundred and Eighty Five and 37-100 Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in July 1923, it being the 3rd day of said month, at Groesbeck, Texas, in Limestone County, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Blackwood & Noble Grocery Company, in and to the following described personal property, levied upon as the property of Blackwood & Noble Grocery Company said corporation, and Lee Noble and R. Blackwood and of each of them jointly and severally, to-wit:

1st tract: Situated in Limestone County, Texas, being 95½ acres of land out of the John B. Stephenson 320 acre tract of land, described as follows: Beginning at the N. E. corner of the Louis Dillon 640 acre survey, and N W C of the said John B. Stephenson survey; Thence North 60 E. 1072 vrs. to a stake for cor.; Thence South 30 E. 616 vrs. to a stake for cor.; Thence South 60 W. 525 1-5 vrs. to a stake for cor. Thence South 60 W 545½ vrs. to a stake for corner; thence North 30 W. 392½ vrs. to the place of beginning, containing 95½ acres of land conveyed to Richard Blackwood by W. M. Baldridge, by deed dated October 22th, 1908, and recorded in Vol. 66, page 115, Deed Records of Limestone County, Texas.

2nd tract. Situated in Limestone County, Texas, being 159 acres of land out of the 2-3 league and labor survey, patented to P. S. McNeel by Pat. No. 362 vol. 6 abst. No. 240. Beginning at a point on the SWL. of said survey 2286 vrs. S. 30 E. from the NW. corner thereof, said beginning point being the SW. corner of the 100 acre tract out of said survey, conveyed to J. E. Riddle by Geo. Coldwait, by deed dated Sept. 26th, 1907, and recorded in Book 13, page 91, the Deed Records of the said County, Thence S. 30 E. 507 vrs. passing an ell corner of said McNeel survey, continuing in all 1400 vrs. to a stake in prairie; thence N. 60 E. 600 vrs. a stake; thence N. 30 W. 1400 vrs. a stake; thence S. 60 W. 605 vrs. to the place of beginning, and being the same land conveyed to Louis Boiling Trustee, by R. Blackwood and wife by deed of trust dated Nov. 27th, 1918, recorded in vol. 6, page 35 Deed of Trust Records of Limestone County, Texas."

The above sale to be made by me to satisfy the above described judgment for $1,785.87 in favor of Collin County Mill & Elevator Company, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

Whit Popejoy,
Sheriff Limestone County, Texas.
By N. P. Harris, Deputy.
Groesbeck, Texas, June 8th, 1923.
(11-18-25)

HOUSE JOINT RESOLUTION NO. 15

Proposing an amendment to Article 8, of the Constitution of the State of Texas, which relates to taxation and revenues, by adding thereto a new section to be known as Section 9a, directing the Legislature to provide for the construction, operation and maintenance, under State control, of a State system of public highways; providing for an election for the ratification or rejection of amendment herein proposed, and making an appropriation to defray the expense of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That there be submitted to the people of Texas, for ratification or rejection at a special election provided for herein an amendment to Article 8, of the Constitution of the the State of Texas, amending said Article 8, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 9a, which shall read as follows:

Section 9a. The Legislature is authorized and directed to provide for the creation, establishment, construction, maintenance and repair of a system of improved highways throughout the State to be under the control of the State; and in order that the State may provide the means, revenues and instrumentalities the establishment and maintenance of such system of highways, the Legislature is empowered to levy and cause to be collected specific excise and ad valorem taxes, in addition of those permitted for other purposes in the Constitution, but such an ad valorem tax shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereinafter in this Section.

When said system shall have been designated and taken over for the State as provided in Section A hereof, the Legislature is authorized to make provision for the equitable compensation to such counties for the value of such improvements as have been theretofore constructed by the Counties in the State.

Provided, also that save for the State highway system, in all other respects, Counties shall have the right to build, construct and maintain roads, bungalows, and bridges within their respective boundaries and the Constitutional provisions relating thereto are not qualified or repealed by reason hereof.

The Legislature, at any Regular or Special Session, is authorized and directed to pass and enact all appropriate legislation necessary to carry out and effectuate the purpose and intent of these Articles.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1923, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and Laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words:

"OFFICIAL BALLOT": "For the amendment to Article 8, of the Constitution of the State of Texas, providing for a State system of highways." "Against the amendment to Article 8, of the Constitution of the State of Texas, providing for a State system of highways."

Those voters who favor such amendment shall erase by marking a line through the words "Against the Amendment to Article 8, of the Constitution of the State of Texas, providing for a State system of highways." Those who oppose such amendment shall erase by marking a line through them, the words, "For the amendment to Article 8 of the Constitution of the State of Texas, providing for a State system of highways." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder.

S. L. STAPLES,
Secretary of State.

COCA COLA KING, SUED BY WOMAN MARRIES.

Mrs Onezime de Bouchelle & Asa G. Candler...

Asa G. Candler, the Coca Cola king and philanthropist, of Atlanta, Georgia, who is being sued by Mme. Onezima de Bouchel, New Orleans (Louisina) society leader, for breach of promise, startled his friends by quietly marrying Mrs. May L. Ragin, a public stenographer, herself a widow with two children. Candler met Mrs. de Bouchel while she was matron for the maids of honor at a United Confederate Veterans reunion in Atlanta and became engaged to her, but later refused to marry, and to clear her name she sued.

TITLED PAIR ON LOVE ILIAD.

Earl and Countess of Lanesborough, wm.

The Earl of Lanesborough, England, and his bride, the Countess Lanesboruogh, have arrived in San Francisco from Honolulu in their "Love Iliad" tour of the world. On their honeymoon trip they succeeded in evading all camera men from London to San Francisco, but there they lost out. Mr. and Mrs. Douglas Fairbanks (Mary Pickford), friends of the titled tourists, have arranged to entertain them at their California home.

$100,000 BLAZE THIS MORNING IN DALLAS

DALLAS, June 25.—Fire, starting in a down town paint store and spreading to a cafe, caused damage of more than $100,000 this morning. Half of the fire fighting apparatus was called out and firemen had great difficulty in subduing the fire. The origin of the blaze in the Sherwin-Williams company is undetermined.

Train Falls Off Elevated Track This Afternoon

NEW YORK, June 25.—A two car elevated train fell from the track this afternoon. Early police reports said ten may have been killed, and twenty injured. The train was crowded. A tremendous crowd gathered at the scene. Police and firemen were rushed to the rescue.

Miss Emily Davis left this afternoon for Tulsa, Oklahoma, where she will visit friends and relatives for about the next month.

KLAN CYCLOPS TO TELL OF MER ROUGE AFFAIR

FORT WORTH, June 25.—Denying that the Ku Klux Klan had any connection with the alleged slaying of Watt Daniel and Thomas Richards at Mer Rouge after they are said to have been kidnaped, Capt. J. K. Skipworth, exalted cyclops at Mer Rouge, is here to address a meeting tonight. He is on a speaking tour to exonerate the Mer Rouge Klan of any responsibility for the alleged murders. He expressed the belief that the bodies found in the lake, which brought on the investigation, were not those of Daniel and Richards. He said he believes that Daniel is still alive.

OLATHE, Kas.—Roscoe Lapetina, 12 year old Italian boy, was arrested here for emulating the late Jesse James. Deputy Sheriffs said he stole the saddle horse, and rode 50 miles across Kansas, terrorized country folk and looting nine farm homes.

Colonel Humphreys To Go To Colorado To Spend Summer

Col. A. E. Humphreys will leave Tuesday night or early Wednesday morning for Dallas where on Wednesday a directors meeting will be held of officials of the company. Several important matters will be taken up at the session it is understood, following which Colonel Humphreys will leave for Denver and other Colorado points where he will remain through the Summer. He will be absent about three months and plans to return here in September. He will go to Denver by way of Amarillo where the company now has two drilling operations in a territory that is considered bright with promise. In the meantime, he is spending a busy period at his desk and in the field. Before his departure, the Humphreys' Fair well at Powell is expected to join the gusher list there.

Rebuttal Evidence In Ross Trial To Be Heard Today

LUBBOCK, Texas, June 25.—Rebuttal defense testimony in the Ross trial has begun. It is expected that taking of testimony will be concluded today, and that argument will begin tomorrow.

ADDITIONAL OIL FRAUD CASES TRIED THIS WEEK

FORT WORTH, June 25.—Additional oil fraud indictments are expected to be returned this week by the federal grand jury which reconvened this morning. Evidence involving half a dozen companies will be presented. Several oil company officials, found guilty of using the mails to defraud started sentences last week.
